

Please seek an adult when cutting paper masks. You can either add your own string or cut the paper strings to loop around ears for fun at home.

Our masks are printable masks intended for coloring and fun within the home.

These facemasks are not a replacement for medical grade personal protective equipment. The decision to use this mask is solely to wear within the home and not in the public when in contact with others outside your household. Remember that the use of masks is not intended to replace other recommended measures to stop the community spread of COVID-19. Follow the latest advice of the CDC and your own healthcare professionals as to how best to keep yourself safe.
